## Supplemental Materials for Report \#: PCIS-002

Feel free to contact research@skeptic.com with follow-up questions.

## Participant Filter

PCIS: The full sample included 3,073 participants. For the analyses presented in Figure 1, 184 participants were excluded because they did not identify as a member of one of the dominant political parties (i.e., Democratic and Republican) or as "no party in particular."

As always, feel free to contact research@skeptic.com with follow-up questions.
