## Supplemental Materials for Report \#: PCIS-004

Feel free to contact research@skeptic.com with follow-up questions.

## Participant Filter

PCIS: The full sample included 3,073 participants. For the analyses presented in Figure 1,184 participants were excluded because they did not identify as a member of one of the dominant political parties (i.e., Democratic and Republican) or as "no party in particular."

As always, feel free to contact research@skeptic.com with follow-up questions.

## SPSS Output

Conspy 4 = "The government, media, and financial worlds in the United States are controlled by a group of Satan-worshipping pedophiles who run a global child sex trafficking operation."
Conspy 5 = "The actions of the US government are not determined by elected officials, but by an unelected secret group of business and cultural elites known as the Deep State."
Conspy 29 = "High ranking officials, powerful politicians, and noted celebrities are hiding information about the murder of Jeffrey Epstein to cover up illegal or immoral sexual activity."
