## Supplemental Materials for Report \#: SPAS-008

## Participant Filter

For Figure 1: "PoliticalOrientation <= 3 AND (Political_Affiliation <= 2 OR Political_Affiliation = 5)"
This study included 731 participants. For the analyses presented in this figure, 163 participants from the original sample were filtered out because they did not consistently identify as liberal, moderate, or conservative on social and fiscal issues; or identified with the Green or Libertarian Parties (which had sample sizes too small to compare)

For Figures 2-4: "PoliticalOrientation <= 3"
This study included 731 participants. For the analyses presented in these figures, 131 participants from the original sample were filtered out because they did not consistently identify as liberal, moderate, or conservative on social and fiscal issues.

Crosstabs
Generally speaking, do you think of yourself as identifying with one of the following? - Selected Choice * Consistently Liberal,
Moderate, or Conservative Crosstabulation
Count

|  |  | Consistently Liberal, Moderate, or Conservative |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | Liberal | Moderate | Conservative |  |
| Generally speaking, do you | Democratic Party | 113 | 77 | 23 | 213 |
| think of yourself as identifying | Republican Party | 18 | 42 | 149 | 209 |
| with one of the following? - <br> Selected Choice | No Political Party in Particular | 14 | 110 | 22 | 146 |
| Total |  | 145 | 229 | 194 | 568 |

Chi-Square Tests

|  |  |  | Asymptotic Significance <br> $(2-s i d e d)$ |
| :--- | :--- | :--- | :--- |
| Pearson Chi-Square | $301.690^{\mathrm{a}}$ | 4 | .000 |
| Likelihood Ratio | 291.371 | 4 | .000 |
| Linear-by-Linear Association | 10.539 | 1 | .001 |
| $N$ of Valid Cases | 568 |  |  |

a. 0 cells ( $0.0 \%$ ) have expected count less than 5 . The minimum expected count is 37.27 .
